

CONGRESS OF THE UNITED STATES

August 7, 2001

Dear Friends:

I would like to welcome the Northeast Dairy Compact Commission to Mystic, Connecticut.

Connecticut has more than 200 dairy farms -- making it an important supplier of dairy products to the Northeast population. By hosting meetings at different locations within the Compact area, you are providing concerned stakeholders with the ability to participate in your process.

Sincerely,

A handwritten signature in dark ink, appearing to read "Christopher Shays".
